Project: Install or Replace Seamless Metal Gutters

\$600 seems a little high for one gutter strip across the back of my house and two down spouts. Half my fault for not demanding a price first. Hate to think what it would be for one of my rentals.

Response by : Thank you for your review. We will strive to achieve better communication in the future.

Review by Susan D. in Mooresville, IN

Project: Hire a Handyman

The Alsup brothers installed a new garage attic ladder (pull down stairs) for us. For the time it took, I think the labor was a little pricey - \$300, although unless we misunderstood them, their labor is either \$200 or \$400 and they were giving us a break by charging only \$300. By the time they added new trim around the opening, the labor was \$400. Not outrageous and really have nothing to compare it to because another company I contacted did not return my call, but just seemed a little high to me.

Response by : Thank you for taking the time to right a review. It's very appreciated. The speed of the various projects is accredited to experience and the right tools for the job.

Review by Ann B. in Indianapolis, IN

Project: Hire a Handyman

Ben and Mike went above and beyond my original request. They did extras that kept getting added on without any problems. Made additional check of my property and when I need additional changes next year they will be the ones to call.

Response by : Thank you Ann. We look very forward to working for you again. AGC

Project: Install or Replace Seamless Metal Gutters

Fantastic job and communication from office personnel to installer. Extremely helpful and patient. Follow up during each stage of the process with a true sense of care. This job was for my 88 year young mother and she was super pleased - not an easy task to accomplish!

Response by : It was a pleasure working with you and your mother. We strive for happy customers. Thank you for making us feel appreciated . Please let us know if we can do anything else in the future for either one of you.

Review by a homeowner in Mooresville, IN

Project: Repair a Deck or Porch

They had a four man crew that two men could easily do,so this drove labor cost up.

Response by : Dear neighbor I'm very sorry you feel this way. The only reason we had four guys is to get the job done in less time. The price would have been the same. We strive for happy customers and if there is anything we can do please let us know. Ben

Project: Install a Ceiling Fan

AGC came out and replaced 3 outside, 2 inside light fixtures and 2 ceiling fans, they were friendly, courteous and on time. they got the work done in about 3 hours. they charged very fair rates for the work they did. I intend to have them back to do 2-3 other projects in the near future. They did this work

on a Saturday to accommodate my schedule. That was a big plus. Pay in cash or Check, Credit Card will cost you extra. They sent my receipt via e mail I would recommend them for any similar projects.

Response by : Thank you for taking the time to give us a great rating and review. We really appreciate it. We look forward to any future projects. Ben

Review by Jane H. in Greenwood, IN

Project: Hire a Handyman

Bravely taking their lives into their own hands they installed a new mailbox for me on a very busy road. They made sure everything was satisfactory before they left and cleaned up as well. They are very personable and friendly and I plan to hire them again. A+ !

Response by : Thank you Jane. If you're happy we're happy. Ben

Review by Audrey O. in Mooresville, IN

Project: Install Electrical Switches, Outlets, and Fixtures

The contractors that came out to install the outlet were here within 45 minutes from the time I called them. They were kind and cleaned up after they were done. I would recommend them to everyone who needs a General Contractor. Thank you so much for your help. You are truly appreciated. Sincerely, Audrey O'Dell

Response by : We are very happy we could help you out. Thank you for giving us the opportunity to work for you. Ben
